

Eurospec Sport Wheel Template

330mm (13") Race Brake Kit - A5 GTI/Jetta

DIRECTIONS

- 1.) Print template, ensuring that the scaling is at 100%. The total width is 228.98mm (9.015").
- 2.) Cut template along the dotted line. For additional support, tape it against a firm surface, such as posterboard or a manila folder.
- 3.) Place red dotted line against wheel surface. The Wheel Register should be in the wheel hub area.
- 4.) The Eurospec caliper extends 25.50mm from the wheel surface. There must be approximately 2mm of clearance between the edge of the caliper and the wheel.
